

Press Release

PCA Announces New Addition to MRO Supply Chain Practice

Duluth, GA – June 2017: Performance Consulting Associates, Inc. today announced that Matt Saviello has joined the company as a Senior Associate. Matt will add his Procurement experience and expertise to support clients in the existing Maintenance and MRO Practice. Matt will act as the Subject Matter Expert (SME) for clients as we will continue to support the important interface between Maintenance Management, the Parts Storeroom, Reliability Management and Purchasing.

As our company continues to grow, our Supply Chain and MRO Materials Consulting practice will require the experience and expertise that Matt brings with him. “Matt’s negotiating workshop adds another dimension to our existing procurement and MRO process models”, said Dick DeFazio, President of PCA.

Matt comes to PCA after more than 30 years of industry experience including leading the Procurement Function as a client of PCA during a Maintenance and Reliability transformation. Matt started his career after graduating from The United States Naval Academy, served in the Navy aboard ship and was an instructor at the Naval Academy. He started his industry career as a shift supervisor in quality control and quickly transitioned to Production and Inventory Control as a Materials Manager. Most of his recent experience has been in Strategic Procurement where he has successfully lead the transition of 6 different companies towards Procurement excellence. He specializes in the Training and Development of Procurement Professionals and has facilitated workshops around the world.

At PCA, Matt will serve to support clients as the Procurement SME and will conduct Procurement Assessments as part of the PCA Maintenance and Reliability Assessments, develop Strategic Roadmaps to Procurement Excellence for Clients and train and develop client professionals.

For more information on Matt’s background please visit his LinkedIn page. His email is saviello@pcaconsulting.com, and he can be reached at 630-457-6811.
